

Mission Statement

Mr Steve's Carnival Games has the following mission: To provide fair and good quality carnival games for fetes and events around the UK.

The objectives of the business are:

- 1) Provide a fair to play game without all the tricks of the trade that some others use to stop people from winning.
- 2) Supply good quality prizes that suit the whole family.
- 3) Charge a reasonable price per play.
- 4) Provide a safe game experience so not to cause injury.
- 5) Provide a friendly and polite service.

To help achieve our mission we will be using regular wine bottles with normal thin stems instead of the big wide trick bottles that others use. We will also be using larger rings where the centre hole is a lot bigger than the neck of the bottle.

We are constantly looking for good quality valuable prizes and themed prizes for different times of the year to provide a themed game around changing seasons ie Christmas.

Signed

S. Ayling

Stephen Ayling
